

FEATURES & OPTIONS

Waterfall Fill Spouts with Recirculating Option (whirlpools only)

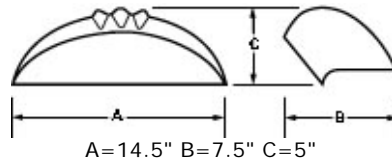

What a wonderfully relaxing way to further enhance your bathing experience and Whirlpool system. Sit back and relax while our integrally molded waterfall fill spout fills your tub with a beautiful sheet of cascading water – available on most of our acrylic models. The waterfall fill spout adds style to your bathroom, and fits with any style of hot and cold valves you select to compliment your bathroom decor.

These waterfall fill spouts come ready-to-plumb with a 3/4" M.I.P. PVC adapter. Faucet valves not supplied by Hydro Systems.
